

Welcome to our practice

The Lake Veterinary Hospitals have been caring for pets in the Lake Macquarie and Newcastle area for over 30 years.

The three practices conveniently located at Belmont, Charlestown and Swansea provide courteous, compassionate and professional care.

Our dedicated team of vets, receptionists, vet nurses, and dog and puppy trainers aim to provide the highest quality compassionate and professional services to clients and their pets at all times.

Pet courtesies:

- please have your dog on a lead
- please have your cat in a basket

This will help make your visit easier and more comfortable for clients and pets.

Our staff

The Lake Veterinary Hospitals are owned by Kelly and Anthony Payten, who took on ownership in early 2013. The practice was originally founded by Philip Wilson in 1980, with Geoff Shumack joining as a partner in 1985.

Our current team of eight highly-professional veterinarians work at our three practices to ensure your pet is treated with care and respect. The vets are proficient in every aspect of small animal surgery and medicine, with your pet's health and wellbeing as their top priority.

Vets and nurses regularly attend courses and training to ensure your pet is treated with the most up-to-date methods. We also keep a close relationship with specialists allowing for easy referral in complex cases.
